Southern Taiwan
University of Science and Technology

Founded in 1969, STUST is located in the beautiful and historic city of Tainan. We profoundly emphasize professional training and practical application. We welcome nearly 15,000 students and more than 500 international students from over 30 countries. We have 700 faculty members and 280 part-time teachers and professionals from various industries.

STUST has 5 colleges offering 16 English-taught programs. Students obtain valuable opportunities to develop their world views by participating in exchange programs with partner universities and gaining applied skills through internships at renowned companies worldwide.

Innovative Education, Expert Insights, and Industry Collaboration at STUST

We develop interactive learning features with a distinct and rigorous curriculum that meets the challenges of 21st-century learning and career demands. We also invite renowned professionals from various expertise to give lectures and enhance students' practical abilities in specialized fields to secure internship opportunities. Additionally, we integrate R&D with teaching and training, emphasizing "Creativity, Innovation, and Entrepreneurship." Moreover, STUST focuses on industry-academic collaboration, which is a key indicator and distinctive feature in technical education.

International Cooperation

STUST has established academic partnerships with over 200 institutions all over the world. We collaborate with them to organize international conferences, exchange scholars, collaborative research, and so on.
